ENROLLMENT, AUTHORIZATION AND RELEASE

I wish to enroll in the Community Access Program (CAP) sponsored by Partners in Health Network, Inc. The services of CAP have been explained to me in detail and the questions I have about CAP have been answered.

I am asking for admission or treatment by the health care provider recommended by the clinic and its employees, agents, medical staff, certified physicians and or/or physician group practices. I understand these providers are separate, but they are cooperating in a program called Partners Community Access Program and that they may share information about me with Partners or its agents.

I understand that if I am qualified, Partners Community Access Program may help me in getting care at reduced rates. In order to speed up the processing of my application, I give permission to the health care provider recommended, to release information or records which they may have concerning me to the Partners Community Access Program or to any other provider participating in the Partners Community Access Program. Information that may be released includes my medical records, other information about my health care and financial information. This information will be kept confidential. My medical record information shall be available only to the appropriate individuals on a need to know basis. I may withdraw this permission at any time for any reason.
